## **WHY PURCHASE A COLUMBARIUM NICHE?**

**Lisa Simmons, Architarium, Customer Service**

**October 22, 2008**

This is a basic list of reasons to consider a purchase of one or more columbarium niches. You can share these with your members when both exploring the idea of a columbarium and selling columbarium niches.

Why purchase a burial site?

- It allows you to establish final plans for yourself.
- It allows you to establish final plans for your family.
- It allows you and your contributions in life to be memorialized.
- It allows your loved ones a place to visit and be comforted.

Why choose cremation burial over traditional burial?

- Cremation is more affordable.
- Urns can be transported by family, over state lines and through the US Mail.

Why purchase a columbarium niche rather than a standard burial plot?

- Columbarium niches are sealed from moisture, which protects the urn and mementos.
- Columbarium niches conserve land and are a green alternative.

Why purchase a columbarium niche rather than scattering the ashes?

- It creates a permanent memorial.
- It allows loved ones to visit and be comforted.

Why purchase a columbarium niche at your organization?

- It is a final resting place that has meaning to you.
- It is a location that will comfort your loved ones.
- It is an environment that will be well maintained.
- It will support a columbarium for other members.
- It represents your membership in the organization.
- It is a reminder of your legacy within the organization.

Why purchase a columbarium niche now?

- It ensures that a niche is available for you.
- It ensures that your wishes can be fulfilled.
- It avoids a burden on your loved ones.

- It ensures that you rest in an environment that you would want.
- It allows you to choose the niche location that you prefer.
- It allows you to purchase additional niches for family members.
- It allows you to purchase contiguous niches for family members.
- It establishes the price of the niche in today's dollars.

*Architarium helps organizations grow and strengthen memberships by enabling them to serve their members' memorial needs. Architarium is a full-service manufacturer of columbariums and other memorial garden products.*
